

City of Menlo Park Facebook Campus Project

The City of Menlo Park is in the final stages of preparing the Draft Environmental Impact Report (EIR) and Draft Fiscal Impact Analysis (FIA) for the Facebook Campus Project. The Project involves two components including an East Campus located at 1601 Willow Road and a West Campus located at 312 and 313 Constitution Drive. The combined East and West Campuses would result in an approximately 1,476,000 square foot office development (of which approximately 440,000 sq. ft. is new construction) that could house approximately 9,400 employees. Key meetings related to review of the Draft EIR and Draft FIA are listed in the box to the right. Extensive information regarding the project is available for review at the Library, Community Development Department and City website. Your input on the proposal is important and you are encouraged to provide comments before or at the Planning Commission meeting on January 9, 2012. The deadline for submitting comments is January 23, 2012.
