Menlo Park Fire Protection District Review (MPFPD)

Depending on the scope of work for proposed residential projects, the Menlo Park Fire Protection District (MPFPD) may require submittal for a permit, plan review, and inspection. Please contact them directly for submittal and inspection information at www.menlofire.org or at (650) 688-8400.

The MPFPD is a separate and independent entity from the City of Menlo Park. It is responsibility of the applicant or applicant's representative to coordinate the submittal, review, approval and inspection for Fire Code related work with the MPFPD. Please be aware, a Building permit from the City of Menlo Park will not be issued until the MPFPD has approved the project if they require a permit.
