

**CAPITAL IMPROVEMENT PROGRAM
2007-2012**

Project: **70-061 - CalTrain Bike/Pedestrian**

Project Description:

This Caltrain Bike/Pedestrian Undercrossing Study & Conceptual Design between Ravenswood Avenue and City Limits project will allow staff to hire a consultant to conduct a “plan line study” of the best potential location and prepare a conceptual design for an undercrossing of the Caltrain railroad tracks between Ravenswood and the south Menlo Park city limits. The study will take into consideration the properties on the El Camino Real side of the tracks to establish a plan line. The plan line will determine the easement location for the undercrossing and the path connections to the undercrossing.

Funding Source	Previously Expended	2006-07 Budget	2007-08 Proposed	2008-09 Projected	2009-10 Projected	2010-11 Projected	2011-12 Projected	Total Cost
