CLASS CHARACTERISTICS

This is the journey-level class in the Communications Dispatcher classification series responsible for receiving and dispatching emergency and non-emergency calls for the Police Department and City. Responsibilities are centered on extensive contact with the public over the telephone, in both emergency and non-emergency situations to receive, transmit, and provide factual information and assistance. All activities are performed within specified legal guidelines. Incumbents are expected to work independently and exercise judgment and initiative. Positions at this level receive only occasional instruction or assistance as new or unusual situations arise and are fully aware of the operating procedures and policies of the work unit. This class is distinguished from the Communications Training Dispatcher in that the latter provides training to all departmental staff on the use of the dispatching communication system. It is further distinguished from the Senior Communications Dispatcher in that the latter is a lead-level class in the series responsible for organizing, assigning, and reviewing the work of assigned staff.
